

KRADEX, room sensor housing, Z94JW ABS, ventilated, 46mm x 65mm x 26mm, light grey

The KRADEX Z94JW ABS room sensor housing is universally applicable, ventilated and made of robust ABS material. With dimensions of 46mm x 65mm x 26mm and a weight of 23.9 g, it is ideal for versatile electronic applications

Product number KRZ94JWABSWH

Weight 0.024kg

Product description

KRADEX Z94JW ABS - universal, ventilated room sensor housing

This compact and functional room sensor housing offers the ideal solution for makers, developers and programmers who work with single board computers (SBCs), microcontrollers and sensors. With dimensions of 46 x 65 x 26 mm, it is perfectly sized to safely accommodate a variety of small to medium-sized components without taking up too much space. Use the housing to protect components of your home automation solutions that require constant ventilation, such as temperature monitoring systems. Made of high-quality plastic in light grey, this enclosure offers excellent resistance to mechanical stress and environmental influences.

Features at a glance

- **Universal design:** Suitable for a wide range of applications in electronics.
- **Ventilated:** Ensures adequate air circulation, which increases the reliability of electronic components.
- **Robust material:** Made of ABS, offers high resistance to physical impact.

Technical data

- Manufacturer: KRADEX
- Case type: universal
- Size X: 46mm
- Size Y: 65mm
- Size Z: 26mm
- Version: ventilated
- Housing material: ABS
- Housing colour: light grey
- Lid colours: light grey
- Gross weight: 23.9 g

Scope of delivery

- 1 x KRADEX Z94JW ABS room sensor housing (light grey)
